These 3 puppies are border collie heeler mix. All boys. They will be great working dogs. Their parents are very energetic. Looking for homes with a big backyard with tons of room for them to run and play or land. Parents are smart and obedient. They are great jeep riders as well. The pups will be 5 weeks in a couple days. And ready at 6 weeks or so. They will need their 1st dhpp shot. Possible home check required to make sure there is enough room, time, and safety for these pups as we want them to be the perfect match for your family. If you would love to add one of these cute boys to your loving family please let me know
