I am searching for my car a 2005 Honda Accord EXL. It is black with black tinted windows and driver side back left rear panel body damage. License Plate is DOW 091, Oklahoma. It is being driven by Coy King of Yukon. He has had it for two weeks and has refused to return it. A towing company has legal authorization to pick up where ever it is found. Please call 405-274-6162. REWARD!
